6:00 PM New G's Worship Service

Worship Notes

Tonight we welcome the New G's as they lead us in worship through singing.

Next Sunday we celebrate the professions of faith of Elizabeth Jonker and Arent Venhuizen. We will also look at the reigns of King Rehoboam and Jeroboam and find that sin is infectious and consuming. It spreads and destroys but we fail to see the consequences of our sins. Whenever the kings of Israel or Judah disobeyed God there were terrible consequences. Yet, they continued sinning. Why do we do that? Why don't we see the consequences of our sins?

Next Sunday night we will join Bethel for our annual Memorial Day service. Worship begins at 7:00pm.

Verse of the week: What good is it for someone to gain the whole world, yet forfeit their soul? Mark 8:36

This week be in prayer for:

- Those affected by the volcano in Hawaii
- Graduates
- Peace

Give thanks to God for:

- Clean Water
- Enough Food
- Schools

Our Family

Bibles are in the narthex for **Elizabeth Jonker and Arent Venhuizen**, who are making public profession of faith. **Please highlight** a favorite verse or passage in there so that when they read their Bible they will find verses that our family treasures.

Sunday School is in need of a teacher for the 4/5th grade class for this fall. Please contact Brian O'Donovan if you are willing to help.

Emily Mulder will be the new care ministry coordinator. She will coordinate meals for those who are sick, those who just had a baby, and others going through a difficult time. Please contact her if you or someone you know could benefit from this ministry. **The outreach team would like to thank Jan De Vries and Gardie Ten Pas for leading this ministry for many years!** Thanks to everyone in the congregation who signs up and is willing to take meals and show our church family that we care! This really means a lot to those who receive the meals. This ministry exists because we have so many willing to help out!

**As you pray this week please remember these people in your prayers:**

- Ben & Alyssa Homan and Eden as she recovers from surgery.
- Laura Ten Pass as she goes through treatments for the spots that were found.
- Leanne Johnson as she waits for results from her treatments.
- Bob Decker who is experiencing health issues due to bleeding on the liver. Pray that he can get a liver transplant.
- Morris & Bea as Morris goes through chemo treatments. May these treatments shrink or remove the cancer. We do give thanks that his brain scans returned normal.
- Nina Te Beest as she recovers from stent placement and awaits surgery to replace a valve.

It can be easy to forget about those that we don't see every week so we are including a list of shut-ins within our congregation. We hope that you will take some time to visit, send cards, and pray for these members of our family. As Romans 12:10 says, "Be devoted to one another in brotherly love. Honor one another above yourselves."

CREATION MOMENTS

Proclaiming Evidence for Truth
THIS WEEK'S CREATION MOMENT

Second Skin for Soldiers

The fear of man bringeth a snare: but whoso putteth his trust in the LORD shall be safe. – Proverbs 29:25

While Creation Moments is outspoken in criticizing evolution, we are just as vocal about extolling the work of scientists who are doing real science – especially the science that benefits mankind. For example, scientists are now working on developing a "second skin" for soldiers that would protect them from biological and chemical weapons.

Lawrence Livermore National Laboratory has already developed a material that they say is "highly breathable yet protective from biological agents" and that it's "the first key component of futuristic smart uniforms that also will respond to and protect from environmental chemical hazards."

This new material is made of polymeric membranes with aligned carbon nanotube channels. The size of these channels, or pores, is less than 5 nanometers, which is 5,000 times smaller than the width of a human hair. The pores are also half the size of biological threats like bacteria and viruses, so it would keep them out ... but they are large enough to allow air and water vapor to pass right through.

Group leader, Kuang Jen Wu, said the fabric will be able to block mustard gas and "toxins such as staphylococcal enterotoxin and biological spores such as anthrax." The research team expects that the new uniforms could be deployed in the field within ten years.

Christians, however, don't need to wait that long to be protected. That's because those who put their trust in Jesus are already safe in His care.
