Deacons August Report

In an attempt to keep members up-to-date, the deacons will be providing regular reports of activity.

- Sent community outreach funds to help support the "Wanted" Women's Conference
- Helped support the "Anthem Lights" concert at the Alto Fair
- Discussed support for the Food Pantry/Community Table
- Disbursed benevolent funds for local needs

If you have questions or have a benevolent concern, please contact a deacon. The deacons are actively looking for benevolent fund opportunities.

Christian Home Chaplain: As a church we have committed \$10,000 this year for the Christian Home Chaplain. This is part of the annual Local Budget. You can also donate directly to this ministry by noting it on your check or using the 'other' line on the envelopes. Please label donations "Christian Home Chaplain".

For Brother Bob Ministry donations please make checks payable to First CRC and put Brother Bob in the Memo or mark it on your envelope.

If you are making a donation to the maintenance and remodeling project, please label the envelope or check Capital Improvements. This will help the deacons. Thank you!

August cause: Elim Christian Services - Through its four major program areas on its main campus in Palos Heights, IL, and in 15 Discovery locations, over 300 servants work each day to bring 800 persons with disabilities beyond their potential to become the living testimonies God created them to be.

Thank you to all who helped with mobile meals for the month of July, it was greatly appreciated! Faith Miedema.

It's been a tough year, but I made it! Thank you Lord for answered prayers, health and strength. Also thanks to all of you for your support, prayers, visits, cards and food that was brought into our home. A special thank you to Pastor Craig, elders Norm (Angela) Buwalda, Merle (Dorothy) Schouten and Bob (Michelle) Mulder for your calls and visits. It was all very much appreciated. **Arky Navis & family**

Would all Team/Committee Chairs please get a current list of members to Gladys within the next week. Thank you! This is needed to complete the new directory. If I don't get them this week the information will go in as per last directory.

As you pray this week please remember these people in your prayers:

- Leann Johnson as she recently underwent a mastectomy and is undergoing treatments.
- Brandon Kitchner as he heals from foot surgery and anticipates surgery on the other foot.
- Dave Mulder, cousin of Sue Buwalda, as he undergoes treatment for cancer.

It can be easy to forget about those that we don't see every week so we are including a list of shut-ins within our congregation. We hope that you will take some time to visit, send cards, and pray for these members of our family. As Romans 12:10 says, "Be devoted to one another in brotherly love. Honor one another above yourselves."

- Joyce Haan
- Winnie Kuiper
- Wilma Navis
- Lee Heideman

If at any time you would like your name added to or taken off of the prayer list, please contact Gladys.

CREATION MOMENTS

Proclaiming Evidence for Truth
THIS WEEK'S CREATION MOMENT

Caution: Fuzzy Words Ahead

Thy word is true from the beginning: and every one of thy righteous judgments endureth for ever. – Psalm 119:160

Science textbooks, articles and documentaries about evolution are saturated with what creationist Mike Riddle calls "fuzzy words." These are words that evolutionists typically use when they have no observable evidence to support their claims. With that as a backdrop, we will now train you to spot fuzzy words and phrases. In a recent issue of Science News magazine, for example, we find the first fuzzy words in the article's title: "Bubbles may have sheltered early life." Did you spot it? Yes, it's the phrase "may have."

In the second paragraph, we read: "Such a snug hideout could have shielded microbes from ultraviolet radiation." Right – the words "could have". In the next paragraph, a geologist is quoted as saying that the work is "very plausible" – another way of getting you to accept the scientist's wishful thinking. In the remaining paragraphs, we find two more "could haves", a "may have", a "perhaps", a "might have" and two instances of "appeared to be".

The writer then concludes with these words: "If microbes survived in these pockets on early Earth, they could potentially have done so on other planets such as Mars." I hope that the words "if" and "potentially" set off the critical thinking alarm bells in your brain. I'm so glad that the Bible avoids fuzzy words and phrases, aren't you? The Bible doesn't try to trick or deceive us. Its words are true because its Author is Truth and His words endure forever.
